## They Like Apples!

Medical Economics magazine recently observed that when it comes to governmental policy, physicians are sometimes accused of being against everything. Then it quoted an anecdote told by Roger Fleming of the American Farm Bureau Federation which makes a serious and important point in a light fashion.

The magazine said: "At the last American Medical Association Public Relations Conference, Mr. Fleming spoke of an observation he had made during a trip through the apple-raising section of the Shenandoah Valley in Virginia:

"Farmers there spend a lot of time and money applying sprays to kill codling moths. Because they do that, some people think they are against codling moth."

"Not at all," said Mr. Fleming. They simply like apples."

That is pretty much the case with doctors and medical societies which have been fighting hard against socialized medicine, compulsory government health insurance, and other proposals which would make the politician and the bureaucrat the bosses of our system of medical care. They are carrying on that fight in the sure knowledge that if government ever does move in,

we will turn back the clock so far as medical progress and the best possible service to the largest number of people are concerned.

And the doctors aren't alone—writers and top public officials and newspapers all over the country feel just the same. A very typical view was expressed by the Portland Oregonian when it said editorially, "The nations that have resorted to public health insurance and the regimentation of doctors have discovered that such measures lead to the inevitable deterioration of medical care."

## "Best Seller" for 3 good reasons

CAN YOU SEE • STEER • STOP SAFELY  
CHECK YOUR CAR—CHECK ACCIDENTS

Buick now outsells all other cars in its price class and above

YOU'VE probably noticed it right in your own neighborhood.

Bright new Buicks appearing here, there, everywhere. And more and more of them in recent weeks.

Know what's happening?

Folks in growing numbers—(and maybe you'll be joining them soon!)—are finding Buick styling, performance and value far too wonderful to pass up.

So Buick is selling at a record pace—outselling all other cars in its price class and above.

Matter of fact, latest figures for the first quarter of 1954 show that, in total national volume, Buick is out-selling every other car in America except two of the so-called "low-price three."

A look and a ride and a peek at the price tag will be all you'll need to know what's back of this best-selling success.

There's styling in Buick that's the greatest beauty advance in years—the very look of tomorrow—and with the spectacular panoramic windshield that's part and parcel of this dream-car look.

There's performance in Buick as never before—with record-high V8 power, with the sensationally smooth

whip of Twin-Turbine Dynaflo,\* with the buoyant ride of all-coil-springing, with a new precision of control and handling.

And there's value in Buick that's hard to match—with prices starting near the "low-price three"—prices that buy more Buick beauty and power and thrill and sheer automobile than smart money ever bought before.

How about you?

Are you ready, willing and waiting to be shown that this best seller called Buick is the buy of the year for you, too? Drop in this week, or give us a call, and we'll arrange a demonstration.

BLUE CROSS - BLUE SHIELD gained 228,174 new members in 1953... now cover over 3,000,000 in Michigan.

# Largest medical bill payment ever made for Michigan people!

Blue Cross - Blue Shield pay out more dollars for hospital and doctor care, provide worry-free protection for more people in Michigan than all other kinds of medical bill protection combined.

Your Michigan Blue Cross - Blue Shield paid out \$91,299,797 for subscribers in 1953. As of today the total paid out for hospital and doctor bills during the last 15 years is more than \$400 million.

## The most successful protection against hospital bills

Blue Cross is the most successful idea ever devised for protection against hospital bills. Non-profit, it is the only organization for hospital care officially approved by the American Hospital Association. Over 3,000,000 Michigan people have Blue Cross. Chances are, your neighbor has it. Talk it over with him—and see if he doesn't agree that there is no finer protection at any price!

## Hospital Service Protection... the Blue Cross way

Blue Cross differs from other kinds of hospital protection, because it supplies service protection. This is important since you rarely know in advance how much a hospital bill will cost you. So you can't feel really safe with protection that limits you to \$10, \$15 or some other set amount per day.

When you become a member of a Blue Cross Group it is like becoming the "owner" of a wide range of hospital services in advance of need. Then, when you need hospital services... such as bed and board, expensive extras like oxygen, drugs and medicines, operating room, and others... these

services are automatically yours. And this same protection holds for every enrolled member in your family. Blue Cross hospital service benefits are available in more than 200 Blue Cross participating hospitals in Michigan alone.

## Doctor Bill Protection... the Blue Shield way

Paying doctor bills is different from paying hospital bills, because in almost every case, your doctor can tell you beforehand what his charge will be. The thing he can't tell you, however, is when you are going to need his services. So, against that need, Blue Shield offers a smart way to safeguard your savings... to take doctor bills in your stride.

Blue Shield offers two basic plans—one, a straight surgical plan, the other, a medical-surgical plan. Under either plan, Blue Shield pays generous, specific amounts directly to your doctor for thousands of surgical procedures, including maternity care. And in non-surgical cases, under the medical-surgical plan, Blue Shield also pays liberal amounts for your doctor's visits to you in the hospital. Often the doctor's full bill is covered.

## The cost is low

For only pennies per day, Blue Cross - Blue Shield provide you with the most complete protection against hospital and medical bills it is possible to obtain. To help keep cost low, Blue Cross - Blue Shield do not pay for purely diagnostic treatment—or for procedures which can properly be done in a doctor's office... except emergency treatment as covered in the contracts. You, too, can help keep cost low by using Blue Cross - Blue Shield only when necessary.

## There's no red tape

When you have to use Blue Cross - Blue Shield there are no claims to make... no long waits for payment. All you do is present your Identification Card to your hospital or doctor... and Blue Cross - Blue Shield pay them directly.

## How to get Blue Cross - Blue Shield

Ask your employer or your union representative how you can get low-cost Group Enrollment. A company with as few as 5 employees may qualify as a group. Check your Farm Bureau or Grange. Write or phone your nearest Blue Cross - Blue Shield office.

## The "Write" Prescription

Noted three half-finished letters lying on the counter down at Jones' Drug Store last week. "Writing three at once, Doc?" I asked.

"No," Doc said, "you are—you and the rest of the town. Those are for the boys from our town who are at the National Guard campment."

"Everyone who comes in adds a line or two, and when a couple of pages are filled, I mail them. That way the boys hear from folks who might not write otherwise. They sure do enjoy it."

From where I sit, little things can add up pretty big. A few short notes make a letter. Boys from our little town help build up a strong National Guard to protect our freedom. Even freedom is made up of a lot of things—living where we like, voting the way we think is right, choosing between coffee, tea, or beer at dinner. And anything that adds up to freedom gets my stamp of approval.

## Local Pastor Moving To Detroit Church

Elder L. W. Hyde, the local Seventh Day Adventist pastor, has accepted an invitation to assist Elder E. L. Eoothery at the Grand River Seventh Day Adventist Church, Detroit, Michigan, located at the intersection of Grand River, Southfield and Fenkel.

The pastor and his family will be moving about June 1. His new address will be 12335 Woodbine, Detroit 23, Michigan.

During Pastor Hyde's five-year stay in the Gaylord-Mio-Grayling area, the Grayling Seventh Day Adventist Church has been organized, a new church building has been erected in Gaylord, a new furnace room and furnace have been added to the Mio parochial school building, the Mio church and school have been redecorated, a site has been secured for the future Grayling Seventh Day Adventist Church building, a Dorcas Welfare Society has been organized at Grayling which together with the Societies of the Mio and Gaylord churches have distributed a large number of garments and food baskets to needy families in this area, Holland, Korea and Germany, and last forty-one new members have been gained.

"The Mio, Gaylord and Grayling churches have also given liberally of their time and means in missionary endeavor both at home and for abroad," Elder Hyde stated.

He further pointed out that although Seventh Day Adventists are one of the smaller denominations in numbers, according to recent statistics they now have more missionaries, spend more money for missions, and have a membership that gives more per capita than any other single Protestant denomination.

"We give God the credit for all that has been accomplished," the pastor declared, then added, "We have enjoyed our stay in Grayling very much, and will always have a tender spot in our hearts for this area and our many friends here. With Camp AuSable located here, we shall look forward to return trips to Grayling as occasion arises. The friends we may not meet again here, we hope to meet in the hereafter."

Elder and Mrs. M. E. Lowry from Sault Ste. Marie, Michigan, who have spent twenty years as missionaries in South America, will be taking over the pastorate here.

## Mother-Daughter Banquet Was Nice Affair

The Mother and Daughter banquet sponsored by the Mary Martha Circle of Michelson Memorial church, that was held in the church dining room Thursday evening was a very lovely affair. There was a capacity crowd of mothers and daughters.

A spring motif "signs of spring" was carried out throughout with the banquet tables pretty with potted geraniums and vari-colored butterflies seemed to have filtered on to the water glasses. Programs were tied in green covers with yellow ribbon, and nut cups at each place were tiny wheel barrows cleverly made of straws and life-savers. The dinner was very good and was served by several gentlemen, so that the mothers might take their place at the table. Those who served as waiters were Russell Carlson, Carl E. Johnson, Harvey Rowland, Ted Wheeler, Barney Engel, Elmer Fenton, Phil Smith, Fred and Tom Welsh, Eugene Papendick, Melvin Nielson, Dale Peitengill, Jim Lamy, Rev. R. C. Puffer and Eric Post.

For the program that followed, Mrs. Arthur Wakeley who was in charge of the program, was toastmistress. Mrs. R. C. Puffer gave the invocation, followed by a piano solo, "Rosy Lips" by Mary Jane Wakeley. The toast to the daughters was given by Mrs. Grace Andrews with her daughter Miss Joan giving the toast to the mothers. Corsages were presented to several by Mary Richardson. These were to the oldest mother present, who was Mrs. John Knecht; the youngest mother Mrs. Ed Lowrie; oldest mother present with most daughters, three Mrs. T. P. Peterson; and Mrs. Carl Larson for having four generations of her family present, who were her daughters Mrs. Herbert Stephan and Mrs. Louis Krome, her granddaughters, Mrs. Ed Lowrie and Mrs. Jack Church and their daughters.

Also Mrs. Charles Garthe of Traverse City who presented her Puppet show was honored with a corsage. In her Puppet show there was a scene from India, taken from Taj Mahal and one from Hansel and Gretel, an Indian scene, and another of a little girl looking for a fairy. Mrs. Garthe had a helper, Jennifer Nymman, member of one of Puppet groups of Traverse City. Mrs. Garthe told how she first became interested in Puppet and it was when she had a Sunday School class of twelve-year-olds who needed to raise money. The children became interested in the making of the puppets and now she has children 7 years and older helping to make them.

Following the Puppet show, Mary Ann Engel, accompanied by Mrs. June Taylor sang "Sharing," and the evening's program closed with community singing with Mrs. Taylor leading.

In the absence of Mrs. Clayton Straehly who was ill, Mrs. Carl E. Johnson was co-chairman of the kitchen and was assisted by several members. Mrs. Glen Fenton was in charge of the dining room and Mrs. Clarence Gross, tickets.

## YOUR MILK...

Mother is the grandest person in all the world. She is watchful and tender from the cradle to the grave. In our early youth she shapes our future life and gives her all and asks nothing in return. Step by step she prepares us for what is to be, with worn-out tools that she has used so many times before. Disappointments and misfortunes do not stop her. She does not count the cost, she sees only the need. Her storehouse for giving never ends. She will give until God stops giving her. Greater love this world will never know. Nothing can separate it. In danger she will not falter, with a prayer on her lips for the safety of her child. If death must come, she does not fear. She asks nothing more than to have her children at her bedside and with loving words she departs for that golden shore. All we are or ever hope to be we owe to our mother. Gone but not forgotten, her memory lingers through the years and always will until we meet again in the land where there is no parting.

Milk and dairy foods are more than food today. They will build you up for the years ahead. Too often do we see people go before their time because they failed to do this. Don't let this happen to you. That body of yours is the only one you will ever have. Guard it. Start today and order Crawford County produced milk from Hunter's AuSable Dairy.

## Home Extension Group Members Enjoy Trip

Several members of the Crawford County Home Extension Group and some others enjoyed a trip to Grand Rapids Tuesday of

last week. There were 28 ladies who made the trip, arranged by Mrs. Mary VanAllsburg, County Home Extension demonstrator, and it was made in the 4-H Club bus of Kalkaska. The group had hoped to visit a furniture factory

there but found that it was closed for remodeling, much to their disappointment. However they visited a paint and varnish factory and a museum where old and modern furniture was on display. The ladies enjoyed the trip very much.

Notice of Hearing on Petition to Absolutely Abandon, Discontinue and Vacate a Part of Portage Lake Drive in 2nd and 6th Additions to Portage Lake Park, Grayling Township, Michigan.

Notice is hereby given that on the 20th day of April, 1954, a petition signed by 14 owners of real estate located in the 2nd and 6th Additions to Portage Lake Park, Grayling Township, Crawford County, Michigan, was filed with the Board of County Road Commissioners of said county, for the absolute abandonment, discontinuance and vacation of all that part of Portage Lake Drive as shown in the plats of the 2nd and 6th Additions to Portage Lake Park, extending from the intersection of Florida Place and Romy Drive in said 6th Addition to Lake Avenue in said 2nd Addition, for the following reasons stated in said petition:

1. Because, although said Plats were made and recorded in 1901 and 1902, no part of said street extending from Florida Place to Lake Avenue has ever been opened or used as a public street.

2. Because said street is shown on said Plats as having a width of 60 feet and because of erosion and water action no part thereof is now of said width, some parts thereof now being of a width of but a few feet.

3. Because it is now impossible to open said road to a width of 60 feet or to any width that would be satisfactory for a public street.

4. Because no part of said road having been opened or worked within 4 years after the time it was laid out, the same has ceased to be a road for any purpose.

5. Because to open said street would involve the taking of private property.

And notice is hereby further given that a hearing on said petition will be held before the Board of County Road Commissioners of said County of Crawford at the office of said Board, 320 State St., Grayling, Michigan, on Thursday, the 20th day of May, 1954, at 10 o'clock A. M., and all persons interested in said matter may be heard at said time and place.

# IT'S AMERICA'S "BEST SELLER"

*Because it's America's Best Buy*

Ford has pioneered in bringing the most  
worth-while things to the most people... and more and more  
people are now buying Fords

FOR A LONG TIME, people have recognized that Ford is the "Worth More" car. And they have been expressing their preference in a great and growing volume of purchases.

The reason is simple. More and more people have found in Ford everything they want and need.

If you're in the market for any new car, Test Drive a Ford and find out what a brilliant performer it is and you'll really understand why Ford is America's Best Seller and America's Best Buy.

In the first place, Ford offers the two most modern engines in the industry: a new 130-h.p. Y-block V-8 and 115-h.p. I-block Six.

As for comfort—Ford is the only car in its field with Ball-Joint Front Suspension for handling and riding ease.

Choice, too, is a department where Ford excels. You'll find just exactly the car for you among the 14 body styles and more than 100 body color and upholstery combinations in Ford's three great lines.

Ford is a completely modern car. The advanced fine-car features that make it "Worth More" when you buy it, will also make it "Worth More" to someone else when you sell it.

Why not accept our invitation to Test Drive a '54 Ford... and see why America's best seller is your best buy!
